

Dear Applicant:

Thank you for your interest in applying for a grant with the U.S. Environmental Protection Agency (EPA), Region 2. Enclosed is an application kit for submitting your proposal for federal financial assistance. In order to assist you in completing your application, we have developed the document entitled, How to Complete your Application for Federal Assistance, pages 8-13 of the application kit. If you are applying for \$100,000 or less, you may be able to utilize the streamlined application procedures for small grants. Please refer to page 49 for eligibility criteria and instructions. I encourage you to read these documents in conjunction with completing your Application for Federal Assistance. I have also enclosed, for your use, a check list of items which must be submitted with your application in order for you to be considered for a grant with the Agency. Before you mail your application, please be sure it is complete. This will facilitate the processing of your proposal. Our mailing/Internet address is included in the application kit for your convenience.

Applications must be submitted at least sixty (60) days prior to the requested date for award (90 days for Superfund applications). If you are submitting a continuation application for funding a Continuing Environmental Program (40 CFR Part 35, Subpart A), your application must be submitted prior to the end of the current budget period in order for costs incurred from the end of the budget period to the date of the new award to be allowable for federal participation. **Concurrent with submitting your application to EPA, the Intergovernmental review process should be initiated.** Instructions for this process are found on pages 30 through 45.

If you are submitting more than one application for this award cycle, you need submit only one of each of the following required certification forms found in this kit if they are applicable: Assurances - Non-Construction Programs (Standard Form 424B); Quality Assurance Requirement Form; Certification Regarding Lobbying/Disclosure of Lobbying Activities (Standard Form LLL); Additional Certification Regarding Lobbying - Section 501(c)(4) IRS Code; and, Preaward Compliance Review Report For All Applicants Requesting Federal Financial Assistance (EPA Form 4700-4).

This circular establishes principles and standards for determining costs for Federal awards carried out through grants, cost reimbursement contracts, and other agreements with State and local governments and federally-recognized Indian tribal governments (governmental units). The principles are for determining allowable costs only. They are not intended to identify the circumstances or to dictate the extent of Federal and governmental unit participation in the financing of a particular Federal award.

DESCRIPTION OF EPA REGULATIONS

INSTRUCTIONS FOR THE SF-424A

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which required Federal authorization in annual or other funding period increments. In the latter case, Section A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories show in Lines a - k of Section B.

Section A. Budget Summary

Lines 1 - 4, Columns (a) and (b)

For applications pertaining to a *single* federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the catalog program title on each line in Column (a) and the respective catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs require a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1 - 4, Columns (c) through (g).

For *new* applications, leave Columns (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

Lines 1 - 4 Columns (c) through (g). (continued)

For *continuing grant program* applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For *supplemental grants and changes to existing grants*, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new

total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 - Show the totals for all columns used.

Section B. Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1 - 4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function, or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year.

METHOD OF PAYMENT

If you are awarded a grant from the U.S. EPA you will need to specify the method in which you will receive reimbursement. The three methods of payment are: Automated Clearing House (ACH), Advance or Reimbursement.

() Automated Clearing House (ACH) - ACH Number: _____

If you have already been approved under the ACH method of payment, please enter your ACH number above. If you think you qualify for this method of payment, however, you have not received an ACH number, or if you would like additional information concerning ACH, please contact the EPA, Region II, Financial Management Office, at (212) 637-3456.

() Advance

If you do not qualify for ACH, EPA may pay you by the advance payment method. For those agreements for awarded in the amount of \$5,000 and less, you may receive up to 80% of the Federal funds awarded in the First Payment Request, the remaining 20% will be withheld until submittal of the final report/product and the final Financial Status Report (FSR). For those agreements above \$5,000, you may received quarterly advances up to 80% of the Federal funds awarded, again, the remaining 20% will be withheld until submission of the final report/product and the final FSR. If the withholding of the 20% will present a hardship, you may request EPA to make an exception.

() Working Capital Advance

If you cannot meet the criteria for the ACH payment method and EPA determines that you lack sufficient working capital, cash may be provided by a working capital advance. The advance covers the first funding period; thereafter, funds are disbursed on a reimbursement basis.

() Reimbursement

If you do not meet ACH requirements or receive advance payments, EPA will pay you by Reimbursement. When you are paid by this method, you will be reimbursed for the federal share of costs which you have incurred and are currently and legally obligated to pay.

NOTE: EPA makes the final determinations on payment methods for assistance agreements. This decision will be reflected in the award document.

Instructions

General

Recipients of Federal financial assistance from the U.S. Environmental Protection Agency must comply with the following statutes.

Title VI of the Civil Rights Acts of 1964 provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Act goes on to explain that the title shall not be construed to authorize action with respect to any employment practice of any employer, employment agency, or labor organization (except where the primary objective of the Federal financial assistance is to provide employment).

Section 13 of the 1972 Amendments to the Federal Water Pollution Control Act provides that no person in the United States shall on the ground of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under the Federal Water Pollution Control Act, as amended. Employment discrimination on the basis of sex is prohibited in all such programs or activities.

Section 504 of The Rehabilitation Act of 1973 provides that no otherwise qualified handicapped individual shall solely by reason of handicap be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. Employment discrimination on the basis of handicap is prohibited in all such programs or activities.

The Age Discrimination Act of 1975 provides that no person on the basis of age shall be excluded from participation under any program or activity receiving Federal financial assistance. Employment discrimination is not covered. Age discrimination in employment is prohibited by the Age Discrimination in Employment Act administered by the Equal Employment Opportunity Commission.

Title IX of the Education Amendments of 1972 provides that no person on the basis of sex shall be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Employment discrimination on the basis of sex is prohibited in all such education programs or activities. Note: an education program or activity is not limited to only those conducted by a formal institution.

The information on this form is required to enable the U.S. Environmental Protection Agency to determine whether applicants and prospective recipients are developing projects, programs and activities on a nondiscriminatory basis as required by the above statutes.

Submit this form with the original and required copies of applications, requests for extensions, requests for increase of funds, etc. Updates of information are all that are required after the initial application submission.

If any item is not relevant to the project for which assistance is requested, write "NA" for "Not Applicable."

In the event applicant is uncertain about how to answer certain questions, EPA program officials should be contacted for clarification.

EPA FORM 4700-4 (Rev. 1/90) Reverse

ITEMS

- IA. “Applicant” means any entity that files an application or unsolicited proposal or otherwise requests EPA assistance.
- IB. “Recipient” means any entity, other than applicant, which will actually receive EPA assistance.
- IC. Self-explanatory.
- II. Self-explanatory.
- III. “Civil rights lawsuits” means any lawsuit or complaint alleging discrimination on the basis of race, color, national origin, sex, age, or handicap pending against the applicant and/or entity which actually benefits from the grant. For example, if a city is the named applicant but the grant will actually benefit the Department of Sewage, civil rights lawsuits involving both the city and the Department of Sewage should be listed.
- IV. “Civil rights compliance review” means any review assessing the applicant’s and/or recipient’s compliance with laws prohibiting discrimination on the basis of race, color, national origin, sex, age, or handicap. If any part of the review covered the entity which will actually benefit from the grant, it should be listed.
- V. Self-explanatory.
- VI. The word “community” refers to the area under the applicant’s and/or recipient’s jurisdiction. The “community” might be a university or laboratory campus, or a community within a large city. If there is significant disparity between minority and nonminority populations to receive service, not otherwise satisfactorily explained, the Regional office may require a map which indicates the minority and nonminority population served by this project, program or activity.
- VII. This information is required so that reviewers may determine if a disparity in the proposed provision of services will exist in the event the application is approved for funding. Give population of recipient’s jurisdiction, broken out by categories as specified.

In the event the applicant cannot provide the requested information because the funds will be distributed over a wide demographic area which is yet to be determined, an explanation may be provided on a separate sheet. For example, a State applying for a capitalization grant under the State Revolving Fund program may not know which cities and counties will apply for, and receive, SRF loans.
- VIII. Self-explanatory.
- IX. “Jurisdiction” means the geographical area over which applicant has the authority to provide service.
- X. Self-explanatory.

U.S. ENVIRONMENTAL PROTECTION AGENCY (EPA)
SMALL GRANTS GUIDANCE

INTRODUCTION

The EPA is pleased to announce the *Implementation Order to Streamline Small Grants*, otherwise known as the *Small Grants Policy*. EPA's philosophy guiding the Small Grants initiative incorporates a new set of principles designed to reinvent the grants process for small awards to promote efficiency and enhance customer satisfaction. The Small Grants Policy advances Vice President Gore's re-invention efforts to reduce administrative burdens on the grant recipient and on EPA. This guidance is intended for use by EPA Assistance Recipients and outlines the purpose, goals and general procedures for Small Grants.

BACKGROUND

Small grants account for about 50% of new project grant awards at EPA, but less than 5% of assistance dollars. As a result EPA recognized the need to streamline the Agency's processes for Small Grants. The policy was finalized and signed on September 1, 1998.

WHEN DOES THE POLICY BECOME EFFECTIVE?

The Small Grants Policy becomes effective for new grants awarded on or after October 1, 1998.

SCOPE AND PURPOSE OF THE SMALL GRANTS POLICY

The purpose of the Small Grants Policy is to simplify and improve administration of small grants without compromising accountability.

WHAT IS A SMALL GRANT?

A small grant is defined as a grant or cooperative agreement with a dollar value not exceeding \$100,000 in federal funds; budget and project periods are of the same duration; and the projects are fully funded at the time of award.

DOES THE SMALL GRANTS POLICY COMPROMISE ACCOUNTABILITY?

- Does not change EPA's regulatory or statutory requirements.
- Does not compromise EPA's fiduciary and stewardship responsibility.
- Allows more time and resources to be focused on technical assistance to grantees, post-award monitoring and promoting partnerships.
- Similar to all grants and cooperative agreements, small grants are subject to audit at any time.

WHAT ARE THE ADVANTAGES OF THE SMALL GRANTS POLICY?

- Recipients submit only the original and one copy of the application.
- Narrative/Workplan does not have to exceed five pages.
- Recipients submit budget detail only at the Object Class level.
- Recipients retain indirect cost rate documentation (recipients without negotiated indirect cost rates merely need to retain documentation on file).
- EPA fully funds project at the time of award.
- Redundant administrative Terms and Conditions will be eliminated from the Assistance Agreement.
- EPA's Assistance Agreement is reduced to approximately 4 pages.
- Recipients with awards of \$5,000 or less may receive up to 80% of the award in advance.
- Recipients subject to 40 CFR Part 30 can submit annual MBE/WBE Reports.
- Recipients subject to 40 CFR Part 30 can incur pre-award costs up to 90 days without EPA approval.
- Recipients submit only the original and no more than two copies of the Final Report.

WHAT RECIPIENTS ARE SUBJECT TO THE SMALL GRANTS POLICY?

The Small Grants Policy applies to Institutions of Higher Learning, Hospitals and other Non-profit Organizations, State, Local and Tribal Governments.

ARE ANY ASSISTANCE PROGRAMS EXEMPT FROM THE SMALL GRANTS POLICY?

Small Grants Policy excludes Performance Partnership Grants, Fellowship Grants, Loans, the Senior Environmental Employment (SEE) Program Cooperative Agreements, Environmental Program Grants to State, Interstate and Local Agencies, Construction Grants, Superfund Cooperative Agreements awarded under 40 CFR Part 35, Subpart O, and the State Revolving Fund Program Capitalization Grants.

HOW MUCH MONEY MAY BE REQUESTED, AND ARE MATCHING FUNDS REQUIRED?

The ceiling for any one grant is \$100,000 in EPA funds. There is no minimum dollar award request established. Applicants are not required to provide matching funds unless law, statute, regulations, Executive Order or Official Agency Policy state otherwise.

ARE SMALL GRANT RECIPIENTS SUBJECT TO EPA'S REGULATORY OR STATUTORY REQUIREMENTS?

The Small Grants Policy does not relieve recipients from complying with any statute or regulation.

WHAT ARE THE APPLICATION REQUIREMENTS FOR A SMALL GRANT?

Applicants requesting \$100,000 or less in funding from EPA must provide the following:

1. Application for Federal Assistance (SF-424), the official form required for all federal grants that requests basic information about the grantee and the proposed project. The applicant should submit the original application and one copy (unless otherwise required by grant regulations), signed by a person duly authorized by the governing board of the applicant.
2. The Federal Standard Form (SF-424A), which provides information on your budget. ***For the purposes of the Small Grants program, complete only Item Number 6 of SF-424-A dividing your budget into categories such as personnel. Salaries/fringe benefits, travel, equipment, supplies contractual costs, other.***
3. Narrative/workplan of the proposal, in most cases, should not exceed five pages in length. A narrative/work plan is one of the most important aspects of your application for a Small Grant and will be used as the primary basis for selection. The workplan serves as the performance commitment and should describe as accurately and concisely as possible: 1) a summary of specific objectives, expected outcomes, outputs and deliverables; and 2) a discussion of the budget and how the budget relates to the objectives, outcomes and deliverables. The workplan may include a chronological schedule of accomplishments, progress, and milestones that are anticipated over the project's duration.
4. Resumes and biographical information should not exceed an additional two pages.
5. The necessary signed forms such as the Certification Regarding Debarment, Suspension and Other Responsibility Matters, EPA Form 4700-4 Preaward Compliance Review Report and Assurance of Non-Construction Programs Certification.
6. Applicants must identify the entire grant amount requested at the time of application submittal.

IS THE SMALL GRANTS ORDER AVAILABLE ELECTRONICALLY?

The Small Grants Order is available for viewing on the Internet at <http://www.epa.gov/ogd/grants.htm>.
